

REMARKS

The Examiner identified two patentably distinct species of Applicants' claimed invention: the species of Figure 3A (mixture contacting the surface of the heating element) and the species of Figure 3B (outlet area of mixing device is larger than that of the mixing unit). Applicants hereby elect the species of Figure 3B (Claims 10-20) for prosecution on the merits. Applicants submit that Claims 21-29 read on Claims 19-20.

Please charge any cost incurred in the filing of this Amendment, along with any other costs, to Deposit Account 06-1510. If there are insufficient funds in this account, please charge the fee to Deposit Account No. 06-1505.

Respectfully submitted,

Julia Voutwas
